

# 100% PURE GLUTAMINE

- › Supports digestive health
- › Banned substance tested – Informed Choice certified
- › Protects muscle during intense exercise
- › Vegetarian sourced & fermented
- › Available sizes: 400 g and 1000 g (Unflavoured only)
- › Available flavours:
  - Unflavoured
  - Blue Raspberry
  - Orange—NEW
  - Fruit Punch—NEW

## THE MOST ABUNDANT AMINO ACID IN MUSCLE

### PROTECTS MUSCLE, BOOSTS IMMUNITY

Glutamine is the most abundant amino acid in our body. You need to train hard, but intense exercise can deplete our bodies of up to 50% of its glutamine. Using supplemental glutamine can help protect muscle from being burned as fuel. Our exclusive glutamine provides unmatched recovery and immune boosting benefits. Our Vegetarian sourced, fermented Glutamine is micronized for the highest solubility and uptake. Tested to USP pharmaceutical purity.

### Medicinal Ingredients\*

(per 1 scoop)

<b>Micronized Fermented L-Glutamine</b>	<b>5 g</b>
---	------------

Micronized for greater uptake. Fermented for greater purity.

**Non-medicinal Ingredients:** Citric acid, glycine, potassium citrate, natural flavour, purified stevia leaf extract, ascorbic acid, beta-carotene, red beet powder, tricalcium phosphate.

■ \*Orange Flavour
