- Banned substance tested – Informed Choice certified
- Improves body composition

HELPS REDUCE BODY FAT AND IMPROVE BODY COMPOSITION

HELPS REDUCE BODY FAT

PVL CLA 1250 is a high potency CLA supplement with a full 1250 mg per capsule. CLA (Conjugated Linoleic Acid) is a "fat burning" dietary fat that works in 2 ways.

- 1) Increases lean muscle tissue metabolism by enhancing the enzyme activity in muscle cells, and
- 2) Helps prevent dietary fat from entering fat cells. Shown in over 50 scientific studies to reduce fat and improve body composition.

Medicinal Ingredient

(per 1 softgel)

PVL™ Isolated CLA 1250™	1250 mg
Providing 1000+mg of the two most metabolically active CLA isomers cis-9, trans-11 and trans-10, cis-12 Isolated from 1250 mg CLA-rich safflower oil	

Non-Medicinal Ingredients: Gelatin, glycerin, purified water.
